WHY SMART LAMINATE?

Superior performance is built in to every TORLYS Smart Floor:

- A transparent overlay of extremely wear resistant melamine resin and aluminum oxide that is warranted for up to 35 years.
- Patented Uniclic® Joint resists ugly gapping when 30-60% humidity is maintained. No other joint outperforms TORLYS Uniclic® Joint.
- Move It and Re-use It—every TORLYS floor can be disassembled and re-used in another room or home.

Flooring is fit for commercial operations with standard amounts of foot traffic such as a small shop or office.

UNICLIC® AND SMARTCLIC JOINT TECHNOLOGIES

TORLYS Smart Uniclic® Joint Technology has one of the strongest possible joints in flooring today. Constant lower lip pressure creates the tightest joint and is tested to withstand extraordinary joint stress —more than 1,000 lbs of pressure per linear yard is needed to pull apart two TORLYS planks. The joint is also milled to 1/1000 of an inch for the most exacting fit. Lexington utilizes Uniclic® Joint and TORLYS SmartClic end joint technologies.

HEALTHY HOME

TORLYS Lexington Laminate is CARB 2 (California Air Resources Board) compliant and meets the Healthy Home requirements set by the European (E1) and California Dept. of Public Health Services Standard Practice for The Testing of Volatile Organic Emissions from Various Sources Using Small-Scale Environmental Chambers, referred to as California Section 01350.
